

Our Software

Replicon is the established market leader in Software-as-a-Service (SaaS) based timesheet and expense management. Deployed in minimal time, Web TimeSheet is a completely web-based application that automates the essential processes that drive an organization.

Web TimeSheet Project & Billing Edition allows users to track time against projects, enter billable and non-billable time, and compare expected revenue to the total cost of the project.

Web TimeSheet Project & Billing Edition is 100% web based and is available on-demand via SaaS.

Web TimeSheet Time & Attendance Edition allows users to track time off, adjust payroll based on overtime calculations, and set up limits for minimum or maximum time submissions.

Web TimeSheet Time & Attendance Edition is 100% web based and is available on-demand via SaaS.

Standard Package (complimentary)

The Standard implementation package includes a number of implementation tools that will help you get up and running with your Web TimeSheet solution. Using the self-serve approach, many of our customers have been able to go live with their Web TimeSheet implementation within a very short timeframe – anywhere from a few hours, to a couple of days.

The Standard implementation package is a complimentary service provided to all customers.

- Package Includes:**
- ✓ Implementation Manual
 - ✓ Live Implementation Webinars
 - ✓ Interactive Discussion Forum

Implementation Manual

The Implementation Manual is an easy-to-use reference guide that offers a step-by-step approach to customizing Web TimeSheet for your organization, including best practices and common usage scenarios.

Unlimited Access to Live Implementation [Webinars](#)

These free implementation tutorials are designed to provide you a public forum where you can get a live introduction to your solution, or more detailed information about specific areas of the product:

- Web TimeSheet Time & Attendance Overview
- Web TimeSheet Project & Billing Overview
- A series of special webinars that cover each section of the product in detail

All tutorials run approximately one hour, and include a Q&A period to help you address questions related to your business requirements.

Full Access to the Interactive [Discussion Forum](#)

The Discussion Forum allows you to connect with both the Replicon Implementation team, and with other customers to pose questions, discuss common scenarios, and identify/share best practices for customizing the solution to best fit your business.

The Replicon team addresses all inquiries posted within the forum. You also may receive feedback from other customers who have experienced similar challenges; this interaction can make a unique contribution to your implementation, offering you new ideas about how to make the product work for you.

Lite Package \$1495

The Lite implementation package is a value-added service that provides you with a dedicated resource from Replicon's implementation team to work closely with you and help you define your business requirements. This highly collaborative approach is directed toward building an implementation strategy that best supports your needs.

Package Includes:

- ✓ Dedicated Implementation Expert
- ✓ Implementation Coaching
- ✓ Implementation Manual
- ✓ Live Implementation Webinars
- ✓ Interactive Discussion Forum

Dedicated Implementation Expert

Replicon will assign you a dedicated resource from our Implementation team, to help you work through the implementation process and get your Web TimeSheet system up and running as smoothly as possible.

Implementation Coaching*

Your implementation representative will work with you to devise a successful implementation plan for your organization. When the plan is in place, your implementation rep will guide you through the setup process.

Your representative will be available throughout your implementation, to answer questions or provide additional recommendations for getting the most out of your Web TimeSheet solution.

Self-Serve Implementation Tools

In addition to your implementation coaching, you will have unlimited access to Replicon's self-serve implementation tools:

- Implementation Manual
- Unlimited Access to Live Implementation [Webinars](#)
- Full Access to the Interactive [Discussion Forum](#)

Refer to the Standard Implementation Package for further information about these self-serve tools.

** Training and follow-up calls may be subject to additional teleconferencing / telephone service fees.*

Advanced Package \$2995

With the Advanced implementation package, your assigned implementation representative will work closely with you to define your business requirements, build an implementation strategy that best supports your needs, and facilitate the initial import of data to get Web TimeSheet up and running as smoothly as possible.

Package Includes:

- ✓ Dedicated Implementation Expert
- ✓ Implementation Coaching
- ✓ Initial Data Import
- ✓ Implementation Manual
- ✓ Live Implementation Webinars
- ✓ Interactive Discussion Forum

Dedicated Implementation Expert

Replicon will assign you a dedicated resource from our Implementation team, to help you work through the implementation process and get your Web TimeSheet system up and running as smoothly as possible.

Implementation Coaching*

Your implementation representative will work with you to devise a successful implementation plan for your organization. When the plan is in place, your implementation rep will guide you through the setup process.

Your representative will be available throughout your implementation, to answer questions or provide additional recommendations for getting the most out of your Web TimeSheet solution.

Initial Data Import

When you are ready, your implementation representative will facilitate a transfer of data from your existing system(s) into the Web TimeSheet solution. Replicon will perform this data transfer for you using our Data Import Engine.

Self-Serve Implementation Tools

In addition to your implementation coaching, you will have unlimited access to Replicon's self serve implementation tools:

- Implementation Manual
- Unlimited Access to Live Implementation [Webinars](#)
- Full Access to the Interactive [Discussion Forum](#)

Refer to the Standard Implementation Package for further information about these self-serve tools.

** Training and follow-up calls may be subject to additional teleconferencing / telephone service fees.*

Premium Package \$4495

The Premium implementation package provides you a dedicated implementation representative who will work closely with you to define your business requirements, build an implementation strategy, and provide training to make sure Web TimeSheet gets up and running as smoothly as possible.

Package Includes:

- | | |
|-------------------------------------|--------------------------------|
| ✓ Dedicated Implementation Expert | ✓ End User Training |
| ✓ Implementation Coaching | ✓ Implementation Manual |
| ✓ Initial Data Import | ✓ Live Implementation Webinars |
| ✓ One-on-one Administrator Training | ✓ Interactive Discussion Forum |

Dedicated Implementation Expert

Replicon will assign you a dedicated resource from our Implementation team, to help you work through the implementation process and get your Web TimeSheet system up and running.

Implementation Coaching*

Your implementation representative will work with you to devise a successful implementation plan for your organization. When the plan is in place, your implementation rep will guide you through the setup process. Your representative will be available throughout your implementation, to answer questions or provide additional recommendations for getting the most out of your Web TimeSheet solution.

Initial Data Import

When you are ready, your implementation representative will facilitate a transfer of data from your existing system(s) into the Web TimeSheet solution. Replicon will perform this data transfer for you using our Data Import Engine.

One-on-One Administrator Training*

When you are ready to go live, you will receive one-on-one administrator training, which covers all administrative features within Web TimeSheet. This training will ensure your Web TimeSheet administrators have the product knowledge necessary to maintain the system on an ongoing basis.

End User Training*

Your implementation representative will deliver training to your end users, to ensure everyone is on board and to maximize your adoption rate. Training will be scheduled at a time convenient for you, and will be specific to your internal requirements. This will include two, 1 hour sessions for end users.

Self-Serve Implementation Tools

The Premium package also gives you unlimited access to Replicon's self serve implementation tools:

- Implementation Manual
- Unlimited Access to Live Implementation [Webinars](#)
- Full Access to the Interactive [Discussion Forum](#)

Refer to the Standard Implementation Package for further information about these self-serve tools.

** Training and follow-up calls may be subject to additional teleconferencing / telephone service fees.*

Custom Package

Replicon offers a number of add-on service options, which you can include with your chosen implementation package. Add-on services are offered at an additional fee, as outlined below:

Training Services

You may purchase training as part of your implementation package, or separately as your needs arise. All training will be scheduled according to your needs, and will be specific to your requirements.

- **Step-by-step End User Training**

\$995 per one-hour session + teleconference expenses or services

End user training covers all the features that will be used by your end users, as determined during your implementation planning phase.

- **One-on-one Administrator Training**

\$995 per one-hour session + teleconference expenses or services

Administrator training provides additional guidance about setting up the administrative features in Web TimeSheet. This training option is recommended if you have assigned new administrators, or need additional help after your initial training has been completed.

- **Onsite Training**

\$4500 per day + travel and lodging expenses

Onsite Implementation Services

With onsite implementation services, a Replicon implementation representative will come to your office and work with you to identify your implementation requirements, and set up your Web TimeSheet solution to best meet your needs.

Onsite implementation service is available at \$4500 per day, plus travel and lodging expenses.
